ELAN Assembly benches

Rationalization of assembly

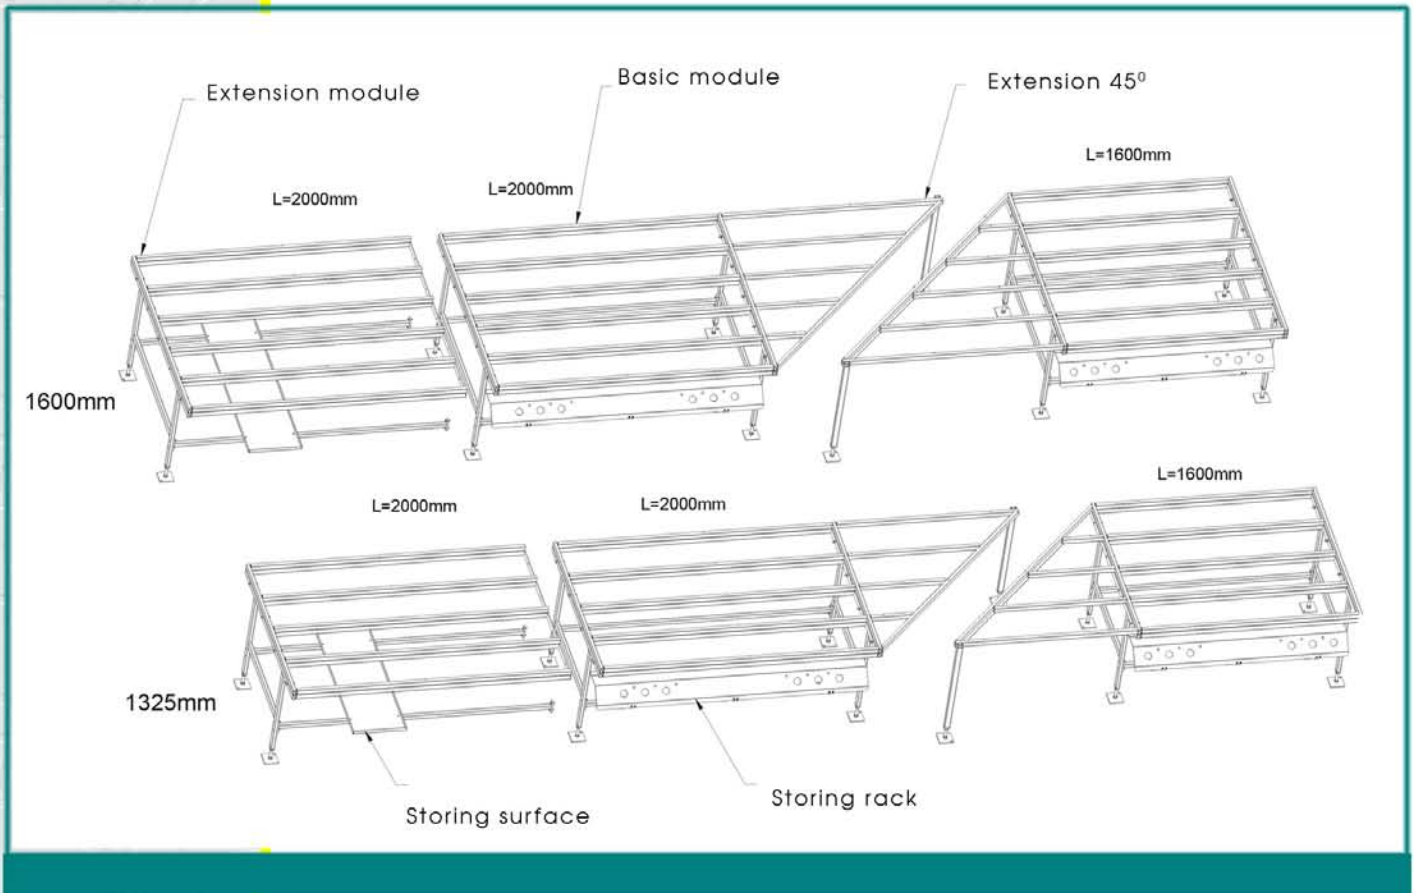

Assembly bench (basic + extension module)

- Universal "Lego" system of working benches for PVC and AL doors and windows production lines.
- Custom made assembly lines suited to the production capacity.
- Custom made conveyors – various shapes and sizes (different widths and heights).
- Custom made bench surface suited to intended use.
- Possibility of interconnecting pneumatic material feeders from different stages of the production process.

Retractable assembly benches

One side retractable assembly bench

One side retractable assembly benches

Product ID	Product name	Description
91-8AV 021 000	ELAN TSE-R-1420	One side retractable assembly bench -1400/2000-rubber surface
91-8AV 021 170	ELAN TSE-P-1420	One side retractable assembly bench -1400/2000-plastic surface
91-8AV 021 180	ELAN TSE-C-1420	One side retractable assembly bench -1400/2000- surface made of several materials
91-8AV 021 190	ELAN TSE-B-1420	One side retractable assembly bench -1400/2000-bristle surface

- Stable, rigid structure
- Adjustable bench length for various sizes of elements for assembly.
- By using conveyor belts, the production flow can be diverted and emergency exit routes can be provided.

Both sides retractable assembly benches.

Product ID	Product name	Description
91-8AV 020 000	ELAN TDE-R-1420	Both sides retractable assembly bench -1400/2000-rubber surface
91-8AV 020 001	ELAN TDE-C-1420	Both sides retractable assembly bench -1400/2000- surface made of several materials
91-8AV 020 010	ELAN TDE-P-1420	Both sides retractable assembly bench -1400/2000- plastic surface
91-8AV 020 015	ELAN TDE-B-1420	Both sides retractable assembly bench -1400/2000- bristle surface

- Maximum utilization of production facilities.
- Different surfaces for different elements being assembled.
- Equipment suited to intended use

Retractable assembly benches – equipment

Product ID	Product name	Description
91-8AV 020 020	ELAN TWR-1420-P	Pneumatic storing rack
91-8AV 020 025	ELAN TWR-1420	Storing rack fitted with boxes
91-8AV 020 040	ELAN TWF-14	Storing flat surface - complete
91-8AV 020 070	ELAN TWE-P-14-45	Extension 45° - plastic
91-PMP 021 000	HERCULES MP 200 - S	Pneumatic feeder - saw (lift 200)
91-PMP 021 001	HERCULES MP 200 - P	Pneumatic feeder + pedal (lift 200)

- Possibility of making benches in different shapes, possibility of making passage reservations.
- Various uses – benches can be fitted either with storing racks or with storing flat surface.
- Automatic inter-operational transport – it saves time and eliminates intense manual labor.

ELAN

Special assembly benches

Benches for mullion mounting

- Simple and easy to survey manner of mullion mounting
- Height adjustable to suit operators needs

Product ID	Product name	Description
91-8AV 024 300	ELAN TMP-P-1630	Bench for mullion mounting-1600/3000-plastic surface
91-8AV 024 305	ELAN TMP-B-1630	Bench for mullion mounting-1600/3000-bristle surface
91-8AV 024 320	ELAN TWR-30-P	Storing rack 2x1500-pneumatic
91-8AV 024 325	ELAN TWR-30	Storing rack 2x1500

Turntables

- Use – rubber strip mounting, uncommon elements assembly
- Height adjustable
- Shape adjustable
- Size adjustable – handling from one spot
- Rotating units fixable in any given position.

Product ID	Product name	Description
91-8AV 021 200	ELAN TR-1800	Turntable

Tilting assembly benches

- Wide range of different uses as an assembly bench (hardware mounting, roll up shutter mounting, various additions assembly...) or as device for handling elements on the production line.
- Size and height adjustable.
- Optional mounting on an under-carriage for sliding the table on rails.

Product ID	Product name	Description
91-ZSB 021 000	ELNA TFM-P-172209	Tilting assembly bench, retractable without clamping
91-ZSB 021 015	ELAN TFF-200	Clamping device for a tilting bench (lift 200)
91-ZSB 031 010	ELAN TFF-P-171609	Tilting assembly bench - manual (for hardware mounting)
