EXPRES - F

Motor driven tilting table

Motor driven tilting table EXPRES - F

Device for fully automatic vertical/horizontal transportation of windows and doors in the production lines as a part of modular systems EXPRES and TRIUMPH.

- It serves for transportation of frames/sashes to the next assembly place or buffer by tilting from horizontal transport position to vertical transport position.
- The construction enables dynamic tilting of transported elements by motor drive.
- Available in width of 2 400 mm, 2 600 mm, 3 000 mm.
- For window size from 400 x 400 mm to 3000 x 3000 mm.

Machines for machining of ALU, Fe and PVC profiles
