## GOLEM - R - Trolley for rubber gasket winding

Trolley for rubber gasket winding fitted with 4 spools

- Practical solution, suitable for use in rubber mounting section
- Several types of trolleys to accommodate various types of rubber gaskets
- Casters fitted with brakes
- Easy to adjust spools for use with various types of rubber strips
- Holder for placing shears and glue

| Product ID     | Product name          | Description  |

## GOLEM - F - Trolleys for finished products handling

Frame trolley

Glass panels trolley

Trolley for finished products handling

Trolley for assembled windows

- Wide range of products suited to the capacity of the production line, optimum single batch to be transported at a time and system of sorting finished products.
- Stable steel structure with polyamide hardened casters.
- Supporting elements with anti-slip surface

## GOLEM + HERCULES

Glass panels trolley

Hoisting device for glass panels trolley

- Intended for convenient sorting and handling the thermal insulating glass panels
- Trolley with the capacity of 20 thermal insulating glass panels
- Hoisting and stacking device – for easy and safe handling.

Trolley for finished products handling

Pneumatic feeder

- Trolley for storing and sorting assembled windows
- It is being used in combination with the pneumatic feeder placed behind the glazing platform, enabling an easy transfer of the element off the glazing unit and on to the trolley. Only one operator is needed for this operation.
- Swivelling casters fitted with brakes enabling easy sorting and moving the elements on to the transportation palette.
