Mitre Saw for Extreme Angles

ZS 135,170/N

Mitre Saw for Extreme Angles ZS 135,170/N

- Wide angle cutting range (cutting of big dimensions profiles)
- Quick setting of angles in two planes
- Easy operation and permanent reliability of machine
- Favourable ratio of cutting parameters to price

Accessory:

- Measuring rule for extreme cuts of ends
- worm mechanism of tilting
- pneumatic clamping
- hydraulic feed brake
- laser cut highlighting
- machine support
- roller conveyors (infeed and measuring)

Technical Parameters	ZS 135	ZS 170
Machined material	ALU + PVC	
Diameter (Ø) of Sawblade	350 mm	420 mm
Angle Range	45° - 90°- 45° - 20°	
Positive location points (only for N)	45° - 90°- 45°	
Profile Height	135 mm	170 mm
Length of Cut (90°)	460 mm	450 mm
Length of Cut (45°)	315 mm	310 mm
Motor	2.2 kW, 400 V	
Weight of machine without stand	98 kg	106 kg
Dimensions of machine without base:		
ZS 135	1100 x 700 x 750 mm	
ZS 170	1100 x 750 x 750 mm
